

CHRIST My LifeLine !

The Purpose for this testimony is to tell the world how the Lord has been there for me during my daily struggles and his constant Grace and Mercy even after I have Rejected HIM.

I joined this Church in Sept 2008 and left COSK after Chinese New Year 2009 due to personal problems and an unbearable feeling of depression, which has dogged my life for many years. Usually when I come to Church I try to hide or put these feelings away but earlier this year I decided that I needed to leave. So I left without informing anyone. At the same time I resigned from my employment due to pressure from my fellow colleagues. I left the job while my boss was away and didn't inform anyone.

I just had to escape from my problems. But I realise I was not running from my problems but from God and realities of life. After that running away, my life went downhill. I went back to my own ways and life was even tougher without my Lord.

November this year I had no work and life was aimless. I realized I had lost touch completely with God and could feel my life sucking away from me. During that time, I was trying hard to find an answer or solution to my problems. But there was sign of getting out of my problems. To compound my problems, the devil was tempting me into bad company of gangsterism. But in my despair and hopelessness, I looked back to God and knelt and prayed "God, You've Got To HELP me!"

Some times later, I met my former boss Mr Lau at a wedding function. He invited me to come back to work for him. I rejected him. But God is Great. Even when God wanted to bless me I rejected the offer. Still my boss persisted to contact me more than 10 times. Despite my turning him down, my boss contacted and brought me to his office. After a long 2 hours discussion, I realized my boss appreciated my past contributions and even offered me the company van. He fixed up the role of chairs and electric fan in the van. He gave me permission to fetch our church members for sunday services. This was my final life-line. I accepted his offer with a strong feeling of Peace & Gratitude in my heart. Sometimes it even takes a pre-believer to shake us into reality of God's GRACE in our lives.

Finally, I have tasted God's unfailing Love and Mercy. I know despite my problems the Lord is here to bless me. Beloved, we should stand and applaud the wonderful miraculous blessings the Lord has given to all who stay faithful to HIM.

GOD HELP me!
